Hello,

Would you please approve and forward the following rush sequence search request? I thought I would be able to maintain my rejection with the art of record, but, alas, I was wrong...

Thanks,
Doug Schultz

Dear Stic searchers,

Would you please run a RUSH, length limited nucleotide sequence search on nucleotides 132 to 803 of SEQ ID NO: 1, and on nucleotides 294 through 966 of SEQ ID NO:3 in the above entitled application, which returns hits no longer than 50 nucleotides?

Thanks,

James Douglas Schultz, PhD
